

AASL Approved Bat List

AASL Rules allow for only single-wall, single piece, metal softball bats. No composite or multi-piece bats will be allowed during game play. All bats must be approved by the commissioner and must be labeled with an official AASL bat sticker.

The list attached are all bats that meet AASL bat standards. This list is not comprehensive, as other bats may fit our criteria. For any questions, please contact the league (mikeb@actonasl.org or joe@actonasl.org)
